Data Dictionary

Project: Streamlit Success | Database: MongoDB (Mongoose) | Date: 30-Mar-2026

USER (Master Collection)

Field Name	Data Type	Constraint/Key	Description	Links To
_id	ObjectId	PK	Unique user id	-
name	String	Required	User full name	-
email	String	Required, Unique	Login email	-
password	String	Required	Hashed password	-
role	Enum	Required	student, recruiter, mentor, internal_guide, placement_cell, hod, dean	-
department	String	Optional	Department name	-
branch	String	Optional	Student branch	-
year	Number	Optional	Academic year	-
semester	Number	Optional	Semester	-
cgpa	String	Optional	CGPA	-
skills	Mixed	Default empty	Skills profile	-
resumeUrl	String	Optional	Resume file URL	-
resumeText	String	Optional	Parsed resume text	-
offerLetterUrl	String	Optional	Offer letter URL	-
enrollmentNo	String	Optional	Enrollment number	-
mentorId	ObjectId	FK Optional	Assigned mentor	USER._id
guideId	ObjectId	FK Optional	Assigned internal guide	USER._id
companyName	String	Optional	Recruiter company name	-
companyIndustry	String	Optional	Recruiter industry	-
createdAt	Date	Auto	Record created time	-
updatedAt	Date	Auto	Record updated time	-

JOB

Field Name	Data Type	Constraint/Key	Description	Links To
_id	ObjectId	PK	Job id	-

Field Name	Data Type	Constraint/Key	Description	Links To
title	String	Required	Job title	-
company	String	Required	Company name	-
postedBy	ObjectId	Required FK	Job posted by recruiter/admin	USER._id
type	Enum	Default internship	internship, fulltime, parttime	-
description	String	Required	Job description	-
requiredSkills	Array[String]	Optional	Required skill list	-
deadline	Date	Optional	Application deadline	-
status	Enum	Default open	open, closed	-
approvalStatus	Enum	Default pending	pending, approved, rejected	-
approvedBy	ObjectId	FK Optional	Approver user id	USER._id
shortlistedStudents	Array[ObjectId]	FK Array	Shortlisted student ids	USER._id
selectedStudents	Array[ObjectId]	FK Array	Selected student ids	USER._id
createdAt	Date	Auto	Record created time	-
updatedAt	Date	Auto	Record updated time	-

APPLICATION

Field Name	Data Type	Constraint/Key	Description	Links To
_id	ObjectId	PK	Application id	-
studentId	ObjectId	Required FK	Applicant student	USER._id
jobId	ObjectId	FK Optional	Related job	JOB._id
status	Enum	Default applied	Application lifecycle status	-
matchScore	Number	Optional	Resume-job score	-
resumeUrl	String	Optional	Resume at apply time	-
offerLetterUrl	String	Optional	Offer letter URL	-
joiningDate	Date	Optional	Joining date	-
joiningStatus	Enum	Default pending	pending, joined, deferred, unknown	-
workMode	Enum	Optional	onsite, hybrid, remote	-
mentorApproval.status	Enum	Default pending	Mentor approval state	-

Field Name	Data Type	Constraint/Key	Description	Links To
interviewScheduledBy	ObjectId	FK Optional	Scheduler user	USER._id
createdAt	Date	Auto	Record created time	-
updatedAt	Date	Auto	Record updated time	-

INTERNSHIP_FORM

Field Name	Data Type	Constraint/Key	Description	Links To
_id	ObjectId	PK	Form id	-
student	ObjectId	Required FK	Student user	USER._id
department	String	Required	Student department	-
mentor	ObjectId	FK Optional	Assigned mentor	USER._id
companyName	String	Required	Internship company	-
role	String	Required	Internship role	-
stipend	String	Required	Stipend text	-
joiningDate	Date	Required	Joining date	-
status	Enum	Default pending	pending, approved, rejected	-
internalGuide	ObjectId	FK Optional	Assigned internal guide	USER._id
createdAt	Date	Auto	Record created time	-
updatedAt	Date	Auto	Record updated time	-

WEEKLY_LOG

Field Name	Data Type	Constraint/Key	Description	Links To
_id	ObjectId	PK	Weekly log id	-
studentId	ObjectId	Required FK	Student owner	USER._id
guideId	ObjectId	FK Optional	Reviewing guide	USER._id
weekNumber	Number	Required	Week sequence	-
logText	String	Required	Weekly work details	-
status	Enum	Default submitted	submitted, under_review, approved, needs_revision	-
reviewedAt	Date	Optional	Review timestamp	-
createdAt	Date	Auto	Record created time	-

Field Name	Data Type	Constraint/Key	Description	Links To
updatedAt	Date	Auto	Record updated time	-

DOCUMENT_REQUEST

Field Name	Data Type	Constraint/Key	Description	Links To
_id	ObjectId	PK	Document request id	-
studentId	ObjectId	Required FK	Requesting student	USER._id
type	Enum	Required	noc, bonafide, completion_certificate, experience_letter, custom	-
jobId	ObjectId	FK Optional	Related job	JOB._id
mentorApproval.by	ObjectId	FK Optional	Mentor approver	USER._id
hodApproval.by	ObjectId	FK Optional	HOD approver	USER._id
deanApproval.by	ObjectId	FK Optional	Dean approver	USER._id
overallStatus	Enum	Default pending	pending, mentor_approved, hod_approved, issued, rejected	-
generatedDocUrl	String	Optional	Generated document URL	-
issueDate	Date	Optional	Issue date	-
expiryDate	Date	Optional	Expiry date	-
documentVersion	Number	Default 0	Revision number	-
createdAt	Date	Auto	Record created time	-
updatedAt	Date	Auto	Record updated time	-

NOTIFICATION

Field Name	Data Type	Constraint/Key	Description	Links To
_id	ObjectId	PK	Notification id	-
userId	ObjectId	Required FK	Receiver user	USER._id
type	Enum	Optional	application_status, document_status, interview_scheduled, log_reviewed, offer_received, announcement	-
message	String	Required	Notification message body	-
read	Boolean	Default false	Read/unread state	-
createdAt	Date	Auto	Record created time	-

Field Name	Data Type	Constraint/Key	Description	Links To
updatedAt	Date	Auto	Record updated time	-

REVIEW_ATTENDANCE

Field Name	Data Type	Constraint/Key	Description	Links To
_id	ObjectId	PK	Attendance record id	-
guideId	ObjectId	Required FK	Guide taking review	USER._id
studentId	ObjectId	Required FK	Student marked	USER._id
reviewDate	Date	Required	Review day	-
status	Enum	Required	present, absent	-
note	String	Default empty	Extra note	-
createdAt	Date	Auto	Record created time	-
updatedAt	Date	Auto	Record updated time	-

SHARED_REPORT

Field Name	Data Type	Constraint/Key	Description	Links To
_id	ObjectId	PK	Shared report id	-
sharedBy	ObjectId	Required FK	Report shared by	USER._id
reportType	Enum	Default attendance	Current supported type attendance	-
filterMode	Enum	Default single	single, all	-
summary.total	Number	Default 0	Total count	-
summary.present	Number	Default 0	Present count	-
summary.absent	Number	Default 0	Absent count	-
attendanceDetails.studentId	ObjectId	FK Optional	Student in report line	USER._id
sharedWith	Array[ObjectId]	FK Array	Report recipients	USER._id
createdAt	Date	Auto	Record created time	-
updatedAt	Date	Auto	Record updated time	-

DEPARTMENT_MENTOR

Field Name	Data Type	Constraint/Key	Description	Links To
_id	ObjectId	PK	Mapping id	-

Field Name	Data Type	Constraint/Key	Description	Links To
department	Enum	Required, Unique	SOCSET, SOTE, SOB, SAAD	-
mentorName	String	Required	Mentor name snapshot	-
mentorEmail	String	Required	Mentor email snapshot	-
mentorId	ObjectId	FK Optional	Assigned mentor user	USER._id
assignedBy	ObjectId	Required FK	Authority who assigned	USER._id
assignedAt	Date	Default now	Assignment time	-
createdAt	Date	Auto	Record created time	-
updatedAt	Date	Auto	Record updated time	-

Note: This dictionary is derived from Mongoose schemas used in backend models.
